

MAINTENANCE ■ SPARE PARTS ■ PHONE SUPPORT

NELA Service Agreements

Service Plan - Platinum

The ultimate service plan! With this plan, you will be getting all the benefits of our Gold Level plus it includes Preventative Maintenance on-site from our trained service technicians to ensure best possible performance of your equipment and very little down-time.

24/7 Phone Support:

You have a simple question regarding the equipment and/or its operation or you have a major emergency in the middle of production. Our 24/7 phone support can help.

CM-Machine (Coordinate Measuring Machine):

Our inhouse Mitutoyo® CM-Machine measures within tolerance of up to .0002". This is a great way to monitor the quality of your plates and tolerances to ensure a perfect register.

Parts:

With this package you get the parts you need (free of charge) to ensure a trouble-free performance of your NELA equipment.

Labor + Travel Expenses:

Should you require a NELA technician on-site to fix an issue, you don't have to worry about labor or travel costs. With this plan you get all the labor and travel expenses you need for free to take care of any issues that arise with your NELA equipment.

Preventative Maintenance:

Every 6 months a trained NELA technician will come to your production site to perform a detailed tune-up, updating and cleaning of your machine. It can't get better than this - Peace of Mind is guaranteed!

For details and pricing, please call our Service Department at 1-888-407-4808 and ask for Carl Jones. All plans are annual plans and must be renewed on an annual basis.
